BOARD

DECISION

No. 255, dated 09.09.2026

ON

DETERMINING THE ELECTRICITY SALE PRICE APPLIED BY THE SUPPLIER OF LAST RESORT FOR AUGUST 2026 FOR THE CUSTOMERS CONNECTED TO THE 35 KV VOLTAGE LEVEL

Pursuant to Articles 16, 21 and 110 (4) of Law No. 59/2026 "*On the Electricity Sector*" as amended; *the Methodology for Determining the Electricity Sale Price Applied by the Supplier of Last Resort*, approved by ERE Board Decision No. 201, dated 04 December 2017, as amended with Decision No. 144, dated 25 June 2018 and Decision No. 233, dated 20 December 2019; as well as Article 15 of the *Regulation on ERE Organisation, Operation and Procedures*, approved with ERE Board Decision No. 96, dated 17 June 2016; ERE Board, at its meeting held on 9 September 2026, after reviewing the Report No. 2668/1, dated 04 September 2026, prepared by the Tariffs and Prices Directorate "*On Determining the Electricity Sale Price Applied by the Supplier of Last Resort for August 2026 for the Customers Connected to the 35 kV Voltage Level",*

The ERE Board found that:

I - Legal and Procedural aspects

1. **Submission of the application by FSHU sh.a.**
   By official letter No. 5203, dated 1 September 2026, registered with ERE under protocol No. 2668, dated 3 September 2026 FSHU sh.a submitted an application for approval of the electricity sale price for August 2026 for customers connected to the 35 kV voltage level and supplied by the Supplier of Last Resort.

2. **Review of the documentation by ERE**
   The application was reviewed in accordance to the "*Methodology for Determining the Electricity Sale Price Applied by the Supplier of Last Resort*" approved by ERE Board Decision No. 201, dated 4 December 2017, as amended, considering the provisions of Article 110, (4), of Law No. 59/2026 "On the Electricity Sector", according to which the price that the Supplier of Last Resort shall supply with electricity shall be determined by ERE in conformity with the methodology approved by ERE.

II – Analysis of the Calculation of the Electricity Sale Price Applied by the Supplier of Last Resort for August 2026 for Customers Connected to the 35 kV Voltage

1. **Purchase of Electricity on the Power Exchange**
   For August 2026, FSHU sh.a. secured the electricity quantities required for this category of customers through daily/monthly purchases on the Albanian Power Exchange (ALPEX),

based on the procured daily profiles, daily/hourly prices and the corresponding invoiced amounts.

2. **Calculation of the Weighted Average Electricity Purchase Price (ÇBEt)**
   Based on the data submitted, FSHU sh.a. calculated the weighted average electricity purchase price for July 2026 at ALL 11.32/kWh. ERE also verified this value through its own recalculation, which resulted in a weighted average electricity purchase price of ALL 11.32/kWh, consistent with the calculations submitted by the company.

3. **Components according to the Methodology** *(Article 8, Decision No. 201, dated 4 December 2017, as amended)* In accordance with the methodology, the components used to calculate the electricity sale price as follows:

   - **Weighted average electricity purchase price (ÇBEt)** for August 2026: **ALL 14.33 /kWh;**
   - **Electricity transmission service tariff** for the period 1 January 2025 – 31 December 2027, approved by ERE Board Decision No. 279, dated 16 December 2024: **ALL 0.85 /kWh;**
   - **Distribution service tariff** for the customers connected at 35 kV voltage level, defined with ERE Board Decision No.103, dated 14 April 2026, "On defining the temporary tariffs for the electricity distribution service according to the voltage level, for the period 1 May 2026 – 31 December 2026: **ALL 1.55/kWh;**
   - **Administrative costs**: **ALL 1.06/kWh;**
   - **Official exchange rates** published by the Bank of Albania (ALL/Eur), for each respective date during the period **31.07.2026 - 30.08.2026.**

- In implementation of the "Methodology for Determining the Electricity Sale Price Applied by the Supplier of Last Resort", taking into account the application submitted by FSHU sh.a. and ERE's calculations, the electricity sale price for customers supplied by the Supplier of Last Resort for August 2026 is calculated as follows:

Electricity price supplied by the Supplier of Last Resort for the customers connected in 35 kV voltage level for August 2026		
	Unit	**Price**
CBEt Weighted average electricity purchase price	ALL/kWh	14.33
Pr Risk Return determined as an annual percentage (3%)	ALL/kWh	0.43
CA Administrative Costs of the Supplier of Last Resort	ALL/kWh	1.06
TRr Transmission Network Use Tariff	ALL/kWh	0.85
TSHt Distribution Network Use Tariff	ALL/kWh	1.55
Electricity Sale Price = CBEt + Pr * CBEt + TRr + TSHt + CA	**ALL/kWh**	**18.22**

- Based on each component of the calculation formula and taking into account the data submitted in the company's application, it results that:

- The electricity sale price applicable for the customers connected to the 35 kV voltage level and supplied by the Supplier of Last Resort is *ALL 18.22/kWh for August 2026.*

Decides:

1. To determine the electricity sale price applied by the Supplier of Last Resort for August 2026, at ALL 18.22/kWh for the customers connected to the 35 kV volgage level.

2. Any change of the component used to calculate the electricity sale price applied by the Supplier of Last Resort for the category of customers specified in this Decision, shall constitute grounds for review of this Decision by the ERE Board.

3. The Tariffs and Prices Directorate shall notify the applicant of this ERE Board Decision.

This Decision shall enter into force immediately

Any party involved in this procedure may request ERE to review this ERE Board Decision within 7 (seven) calendar days from the date of receipt of the Decision, if new evidence has been obtained that may lead the Board to reach a different decision or if material errors are identified. An appeal against this Decision may be lodged with the Administrative Court of Tirana within 45 (forty-five) calendar days from the date of its publication in the Official Gazette.

This Decision shall be published in the Official Gazette..

ERE CHAIRMAN
